Subject: Uber in SC

As a resident of Greenville, SC, I have thoroughly enjoyed Uber. I do not think Uber should leave South Carolina as it is extremely hard and inconvenient to get a taxi ride in most parts of the state. Being in Greenville, a rapidly growing town, I have heard nothing but great things about Uber, from friends and colleagues as well as myself. Please allow them to continue their business in the state of South Carolina!

Subject: WE NEED UBER

As a New Yorker - and Native South Carolinian (with a house in Charleston, SC thank you very much) we NEED this.

The taxi alternatives are disgusting and dangerous. Not to mention the number of times that I have spent at least an hour waiting for the taxi that I have called. This finally makes my commute from West Ashley to Downtown accessible, safe and reliable. Finally.

Unless you can come up with a better alternative then you need to know that blocking this company is terrible for EVERYONE. Passengers and drivers.

Subject: SC Needs Uber

Dear Members of the PSC,

I work in Charleston and live in Mt. Pleasant. Uber is readily available with clean, efficient cars to handle my transportation needs. I've used Uber to avoid driving in and out of the city. It is a great way to keep additional cars off the highways. I've also used Uber in other cities. Uber drivers and vehicles are typically much cleaner and well maintained than cabs, particularly those serving Charleston.

You are doing a disservice to the residents of South Carolina. I, personally, am disappointed in your actions.

Sincerely,

Brian Hellman

Subject: We want Uber!

I ride with Uber, around the country, 2-3 times per week. They are much safer, cleaner and dependable than taxis. It's mind numbing that you would issue a "cease and desist" order against them.

I've met several Uber drivers in the Greenville, SC area who have explained to me how Uber has created substantial income and jobs for them. They are spending their wages paying rent and mortgages in our city. They are spending that money with local businesses.

Stop being a bully and tarnishing the image of our state around the country! Let Uber operate in South Carolina without your harassment. If you want to play "traffic cop" why don't you focus on reducing the outrageous rates we are forced to pay taxis around the state and the poor condition of many of the taxis you force us to ride in when needing to use taxi services. (Hint, this is why Uber is in such demand throughout SC!)
